## STATE OF IOWA, CERTIFICATE OF NURSERY INSPECTION

Office of State Entomologist, Ames, Iowa.

This is to certify that in accordance with Chapter 53 of the Acts of the Twenty-seventh General Assembly, as amended by the Thirty-first General Assembly (Code Section 2575-a51,) the nursery stock for sale by the Mount Arbor Nurseries, of Shenandoah, Iowa, has been inspected by a duly authorized inspector and has been found apparently free from dangerous injurious insects and plant diseases.

This certificate is invalid after July 31, 1918.

Certificate No. 1.

Dated July 10, 1917.

R. L. WEBSTER,

Acting State Entomologist

**SPRING OF 1918**

**ESTABLISHED 1875**

**INCORPORATED 1916**

### Wholesale List

OF THE

## Mount Arbor Nurseries

E. S. WELCH, President

Shenandoah, Iowa

We offer One of the Largest and Most Complete Lines of General Nursery Stock  
in the United States.

Any Business Firm in Shenandoah

#### TO THE TRADE:

In presenting our twenty-seventh Annual Spring List, we wish to thank our many customers for the liberal trade extended us in the past and to assure you of our appreciation of your continued patronage, which we shall make every effort to merit.

We urgently request correspondence and trial orders from new customers, feeling confident that you will be well pleased with our stock and method of doing business.

**STORAGE**—Our modern Storage Buildings are especially designed for handling Nursery Stock in the best possible manner, enabling us to get the stock to our customers in prime condition. You should consider this in buying.

**Stock Handled Under Cover**—We have the exposure of stock reduced to the minimum. After digging, all stock is immediately sent to our large packing houses where it is graded, packed and handled under cover. Customers may rely on receiving stock in prime condition.

**Large Assortment of Stock in Storage. Shipments Made at Any Time.**

Everything offered is young, thrifty, well-grown stock and graded to the highest standard.

We are always pleased to submit prices by letter on large lists of wants.

## LOCATION AND SHIPPING FACILITIES

We are located in southwestern Iowa, fifty miles from Omaha on well drained land and have a fertile soil that cannot be surpassed in the United States. Three railroads (C. B. & Q., Wabash and K. & W.) afford competition in freight rates and a rapid and convenient shipping outlet in every direction. Two express companies (Adams and Wells Fargo) also give excellent service.

## TERMS AND CONDITIONS

**SHIPPING**—Please give shipping directions, whether by freight or express, also route. If no directions are given we will forward to the best of our judgment, without assuming responsibility, as all goods travel at the purchaser's risk and expense. Our shipping season usually begins the last of September and continues throughout the winter and spring.

**TERMS**—Cash or satisfactory security, except we extend the usual terms of credit, to known, responsible nurserymen. Orders to be sent C. O. D. should be accompanied by one-fourth cash to receive prompt attention.

**PRICES**—The quotations in this list are for the wholesale trade only, and limited to the Spring of 1913. Should prices change either higher or lower, during the season, the prices made at the time the order is accepted are expected to stand.

**RATES**—Fifty trees, of not less than ten of a variety, will be furnished at hundred rates; three hundred trees of not less than ten of a variety at thousand rates. Long list of varieties of a few trees of a kind subject to higher prices. All trees above the  $\frac{1}{2}$  to  $\frac{3}{4}$  grades are tied in bundles of ten in grading. Order tens or multiples of ten of a variety as far as possible.

**CAUTION**—We accept all orders on the condition that they shall be void should injury befall our stock from frost, hail, fire or other causes over which we have no control.

**GRADES**—We grade carefully, in some cases by caliper, in others by height. When graded by both caliper and height the caliper must govern.

Dealers wishing to pack on our grounds will find our facilities first class and their orders will receive prompt attention.

**GUARANTEE OF GENUINENESS**—If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness, on proper proof, to replace all such nursery stock, etc., that may prove otherwise, or refund the amount paid, but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

.....  
All prices are for goods in Nursery, packing extra (except grafts are boxed free.)

**CLAIMS**—No claims for rejections or deficiencies will be entertained unless made within ten days after arrival of goods.

Correspondence and inspection invited.

## MOUNT ARBOR NURSERIES,

SHENANDOAH, IOWA

SPRING 1913

E. S. WELCH, President

St. Louis, Mo., Feb. 4th, 1918.

File 2570

Circular 70

All Agents:—

Regional Director Smith instructs that the following seasonable and otherwise important commodities should be exempted from Embargoes:—

“(A) Agricultural Implements (Required for spring planting.)

Farm tractors;

Fertilizers and raw materials for use in manufacturing thereof;

Insecticides and spraying materials or compounds;

Field seeds and garden seeds, seed potatoes, **Nursery Stock.**

Our embargoes are being corrected today but am calling attention to this important matter so that no shipments described above will be rejected by us account embargoes.

M. B. CASEY, Sup't Trans.

---

TO THE NURSERY TRADE:—

The above important ruling has just been received.

E. S. WELCH, President.

**GRADE COUNT**—For the benefit of customers we give an approximate grade count of number, size and variety unsold at this date, of our principal surplus. Customers in ordering should give second choice in varieties and sizes as far as possible, especially if in a hurry for shipment, as we do not substitute or make any changes without permission.

**HEIGHT AND CALIPER**—Height given of fruit trees is approximate and represents the average height of most varieties. Slow growing kinds will fall short of height specified, as it is intended that the caliper shall govern.

### APPLES

Our apples are a fine lot of well grown trees with a strong root system.

Prices except as otherwise noted.

## FRUIT TREE STOCKS

### American Grown

We have a good supply of Apple Seedlings, which are well graded, were grown on new land and are free from insects and disease; they were not dug until well ripened. We guarantee them to give satisfaction.

PRICES subject to change without notice.

	per 1,000
20,000 Apple, Extra Heavy, $\frac{1}{4}$ inch and up, branched.....	7 50

Quince, 7 to 12 mm.....	12 25
" 6 to 10 mm.....	11 25
" 5 to 7 mm.....	9 00

(French calipers made in millimeters, 25 mm to the inch.)

All Seedlings packed very thoroughly in double paper lined boxes for which we charge to cover cost. We are prepared to get all orders off promptly.

### ROOT GRAFTS

Our Piece-Root Grafts are made with a six inch Scion and three and one-half inch Root, the same style that we use largely for our own planting. For Whole-Root Grafts we use the entire Seedling, either a straight or branched root as the customer may select.

**Any style of Graft made to order.**

Please note the very favorable prices for Apple Grafts, considering the present cost of labor and materials.

	Per 100	Per 1000
APPLE AND CRAB, Piece Root, 1000 to 5000.....	\$1 00	\$6 00
